FROM: MARK SANDERS
WESTPOINT MARINA

SUBJECT: LEVEE ROAD PREPARATION

Hi Paul;

Attached are two letters from Cargill Salt to BCDC and the US Army Corps of Engineers regarding the improvement of the levee road in anticipation of hauling dirt from the Redwood City Redevelopment site.

Separately I will send you a copy of my BCDC permit. It requires that contractors acknowledge that they are aware of the conditions associated with the permit.

And finally, I look forward to seeing the Memorandum of Understanding that we discussed at the site yesterday.

With regards,

mark
